

A woman with blonde hair, wearing a black bikini with a floral pattern on the top, is leaning against the trunk of a palm tree. She is looking towards the camera. The background is a lush tropical landscape with many palm trees and dense green foliage. The ground is sandy. The overall scene is bright and sunny.

L★SPACE™

by monica wise

TULUM
CRUISE/SPRING 2016

My "L" this season is inspired by our LOVE to explore exotic parts of the world that are rich in culture. From deep jewel tones to soft hues, this collection is designed for the girl who is driven by her passion to travel and see the world. Spring 2016 is filled with bold ethnic prints, barely there shades and nontraditional color mixing. From flirty styles with delicate detail to our signature cutouts, we bring resort to an everyday look.

This collection is all about the destinations that truly move you, about the places you've never been but want to go...

The Great Escape....

xoxo

Monica
