Maaji

Strokes from a brush,
a cat passing by,
a glimpse of light shining from the stars.

That's how you create
a thriving piece of art.

Apply the colors of your soul,
tons of yellow stones shining all along.

Line and form, light and shadow,
nevermind, it doesn't matter.

You can see life through a prism's color,
oil painted birds,
neon pastel watercolors,
charcoal drawing leaves,
all in one,
various techniques.

Show the world,
let art be the means to express your true self,
what drives you,
what you yearn for,
let them know what you're looking for.

Challenge yourself, don't take shortcuts...
if you wish you could share something a little more intense,
a bit more engaging, even more powerful!

Make your mark and leave a magical piece of yourself.

Fits & benefits

Maaji suits are constructed in a magical way that gives each fanciful garment an incredible, comfortable and enchanting fit.

The seams and stitching mysteriously disappear through the creative inventiveness of expert manufacturers.

Leaving all of the details that give the feel of a one of a kind, handcrafted, piece of art.

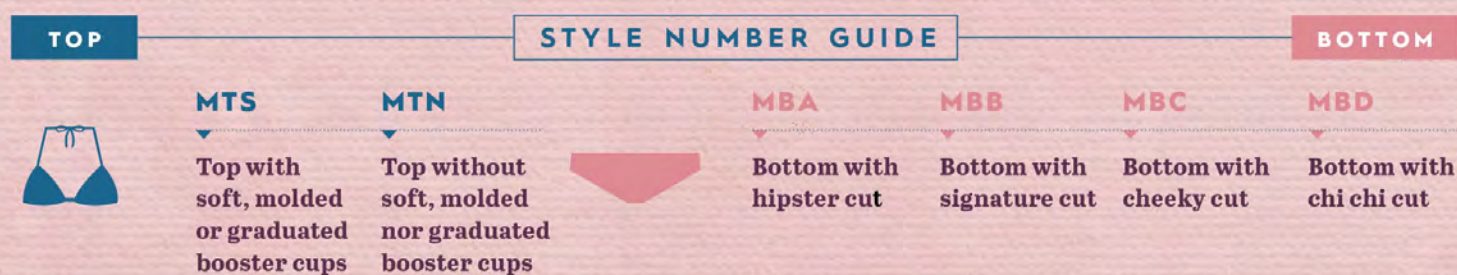

This technique is uniquely flattering and fascinating, it gives just the right amount of support without leaving marks or indentations in the skin.

Since most Maaji suits are reversible each style endows an endless amount of possibilities.

Style number guide

The first 3 numbers of the Maaji reference code indicate the style number, these numbers are followed by a letter code that indicates the type of garment as explained below:

Style number ▶ **M** **T** **N** Type of garment ▶ Top without soft cups
