

AH-C260R

In-Ear Headphones

DENON

“Mobile Elite” In-Ear Headphones with 3-Button Remote + Mic

The AH-C260R features the same high-quality sound as the AH-C260 but also has a 3-button remote controller and mic that let you perform a variety of functions such as playing music on an iPod or answering an incoming call on an iPhone.

100th
Anniversary

Features

New Features

- 3-button Remote + Mic
- This convenient remote controller lets you...
 - adjust volume with the + and – buttons,
 - use the center button to operate the various music and video controls (Play / Pause / Forward / Rewind),
 - record voice memos (only on iPods that support voice memos)
- Radial Cascade Damper reduces cable transmitted vibration noise

Others

- Acoustic Optimiser achieves optimum acoustic characteristics by adjusting the sound pressure balance in front of and behind the diaphragm
- Hybrid material driver housing for highest fidelity sound reproduction
- Ergonomic design, for a snug fit in the ear and comfortable wearing
- Dynamic sound from 9 mm Neodymium magnet driver units
- Canal-type in-ear headphone reduces external noise and lets listeners enjoy the music
- Cables of equal length for left and right channels, to maximise sound quality
- 1.3 m OFC cable
- Comes with cable clip to keep the cable from tangling or fluttering in the wind
- Branch point adjustment function with slider, to take up slack in cables between the branch point and ear pieces
- Gold-plated stereo mini-jack
- Convenient carrying case
- Includes XS size earpiece that fits comfortably in extra-small ears
